Employee Spotlight of the Month

This month we are thrilled to feature Afoussetou Yacoubou, better known as "Afo," a caregiving assistant who has been a dedicated part of our Villas family for nearly a year. Originally from Lomé, Togo, West Africa, Afo views her work as a true calling, stating, "I love caring for older adults; it is a blessing." Afo is a very warmhearted person and a team player. What she appreciates most about her role here at The Villas is the connection she shares with our residents. She finds happiness in comforting others, being a great listener and she also creates special moments by offering reassurance to our residents. Afo likes to challenge herself to always learn more to be effective in all areas of her responsibilities.

Afo is dedicated to her loving family, as well as our community, noting, "I see myself here till I retire because caring for people is something I love." We are truly fortunate to have her on our team!

Learning, Living and Reflecting on Life

Meet Steve Cox, a cherished resident here at The Villas. Steve is a true lifelong learner, having worked in book publishing where he learned from experts across many fields. When thinking back about all he has seen over the years, he remains most amazed by the invention of the internet and the world wide web!

Family is central to Steve's life; he is most proud of being married to his wife, Barbara, whom he met 40 years ago, and his family also includes Jim, Joe, Erin, Jay and Katherine. Steve credits his piano teacher as his greatest influence, who taught him the value of practice and asking for help. When reflecting on life, Steve believes today is the best day because "life keeps getting better." He has always found happiness in going for a drive to see more of the beautiful world. While living at The Villas, he appreciates seeing the trees and mountains and enjoys walking around our neighborhood. We are lucky to have Steve in our community!
