Employee Spotlight of the Month

As a Maintenance Technician, Fernando Bracamonte is often the friendly, reliable presence who shows up at a resident's door ready to help. Fernando grew up in several small towns, including Coolidge and Superior, where he learned the value of hard work and community. He has spent his entire career in maintenance, developing skills in drywall, painting, electrical work, and more. Growing up, Fernando once dreamed of becoming a truck driver, and the dream still remains. At The Villas, Fernando's favorite part of his job is the people. He loves helping residents and discovering the stories behind their lives.

Family is at the center of Fernando's world. His children are now grown, but his grandchildren keep him happily busy. When he isn't at work, he can usually be found spending time with them or with his wife of more than thirty years. As for the future, Fernando prefers to take life one day at a time. For now, he continues to bring his kindness, skill, and steady presence to The Villas.

January 2026

The Art of a Life Well Lived

Roy Pearson grew up in Wisconsin, spending his childhood fishing and skating on the local river with his brother Mike. Life at home with parents Marvin and Helen and sisters Lois and Judy was lively—and sometimes mischievous, like when he and Mike snuck into Roy Rogers and Gene Autry movies at the local movie theater.

After high school, Roy joined the Navy, where supportive mentors pushed him to aim higher. His path eventually led him to Colorado, where he met his future wife, Elizabeth, in a ceramics studio. Creativity became a family trait passed on to their children — Erin, Reed, and Johannah. Among them, two play the violin and one is an artist. Roy also shared his love of the arts as an art teacher in Arizona schools. He says the greatest lesson he's learned is to *be kind*. Today, Roy stays active by dancing and playing corn hole, and by bringing warmth and energy to our community every day.
