Employee Spotlight of the Month

Meet Crystal Walker, one of our dedicated overnight certified caregivers, who has been bringing warmth and compassionate support to our residents. Originally from Michigan, Crystal chose a career in caregiving because she loves helping others. Her favorite part of each shift is making her residents laugh and smile. She especially enjoys starting the day by cooking breakfast and serving everyone as they wake up. Crystal's love of food carries beyond work, she enjoys cooking and shopping in her free time.

Family is very important to Crystal. She is the proud mother of a 14-year-old son and a 13-year-old daughter, and her household also includes a beloved mini dachshund. Looking toward the future, she hopes to combine her passion for cooking and serving others by owning a food truck one day. We are grateful for the care, positivity, and delicious breakfasts Crystal brings to our residents each day!

Continuing the Fun and Adventure

Tucson native Katherine Pike grew up in a neighborhood where childhood activities were endless. Katherine's home was across from a baseball field filled with children, games, and endless imagination. Alongside her sister, Debby, and brother, Kelly, she found joy in make-believe adventures and in the loving care of her parents and grandparents. A lifelong reader, Katherine still treasures *Gone with the Wind*, both the film and the novel. Her career included numerous experiences and skills, beginning with her first job at Jack in the Box, then time at a family-owned pizza place, followed by 26 years with Southwest Gas. Katherine also proudly completed a police officer unit program, which was a meaningful accomplishment because she was once drawn to law enforcement.

Katherine says life has taught her the value of experience, kindness, and helping one another, all lessons passed down by her father. Today at The Villas, she enjoys Bingo, Thanksgiving celebrations, and most of all, time with friends. Katherine says that she appreciates the caring people who make the neighborhood feel like home, and we feel the same about her!
